

our only witnesses. The Drightleys  
went with us up to the ceremony  
for a beautiful drive along the  
coast of Maine and we had  
dinner at a magnificent place on  
a Gulf looking out on the ocean.

The Dr. Folightly had quite a bit of  
correspondence for sometime before  
the event took place as Dr. G. had to  
get the Maine license with Roy's  
help. Glad they made it and we  
made it too on time!

Took time to prepare dinner. Now  
the dishes are put away, and in a few  
minutes it will be time for the news.  
Best wishes and love to you and  
Mabel and to the others in our family.

Aunt Edna
